GASTRO

WORKWEAR FOR THE HOTEL  
AND CATERING INDUSTRY

FROM 2022

## DEAR READERS,

In dynamic times that constantly challenge us all, it is reassuring to rely on experienced partners - and on products of the highest quality, designed by professionals for professionals.

Our success story began in 1802 with the weaving and printing of linen, but we have never stood still. Just as the needs of our customers change, we are constantly evolving and improving our products. Examples for this are the further development of our collections for various job profiles and new advancements on the important issue of sustainability.

Whatever moves you in your job, we have the perfect clothing for it. There is one thing, you can rely on - GREIFF suits!

Jens Möller,  
Managing Director and Owner of GREIFF

# GREIFF SUITS.

## YOUR WORKWEAR IS OUR MISSION

We do everything we can to ensure that you not only feel good in your workwear, but also that you are well dressed! Because our products are with you every day through your workday, they need to be comfortable, functional and able to withstand a lot. You can be sure that we know that and only use high-quality materials that make our clothing durable and long lasting.

Our employees' expertise and our long-standing relationships with our partners guarantee high-quality and stylish design in all our collections. See for yourself!

# FOR A BETTER FUTURE

## WHAT WE DO AT GREIFF

Sustainability determines everything we do because we accept our responsibilities towards people and the environment. Our workwear is robust, durable, of high quality and with that way ahead of fast fashion. But we don't just lean on this: We are actively working for a safe workplace for all employees in the production process and the conservation of natural resources. A fair trade and highest possible transparency are also close to our hearts. That's why you can go to mygreiff.de to see where your product was manufactured. Our commitment is also demonstrated by our numerous memberships and certifications with which we advocate for improvements.

On myGREIFF.de you can track the entire production process of your product, from fibre to finish. You'll see where the raw materials come from and where they were processed.

We are a member of the Fair Wear Foundation (FWF). By implementing the working policies of this organisation in our production facilities, we continually improve the labour and social conditions of local people.

We are part of the Textile Alliance, which was initiated in 2014 by the German government. Its purpose is to facilitate exchange between economics and politics. Together with our alliance partners, we set goals for ourselves to improve sustainability throughout the entire production chain.

We are co-founders of the MaxTex Association. Together with our partners, we combine expert knowledge and develop innovative product solutions to promote sustainability in the textile industry.

The Green Button is a state seal for sustainable produced fabrics. It sets binding requirements to protect people and the environment. A total of 46 demanding social and environmental standards must be met.

The Fairtrade product seal for cotton stands for fairly grown and traded raw cotton, which can be traced directly through all production steps, and is processed separately from non-Fairtrade cotton. The cotton in textiles that carry this seal is 100 percent Fairtrade certified.

Based on the STANDARD 100 by OEKO-TEX, more and more of our products carry the traceable MADE IN GREEN seal, which also monitors environmental friendliness and working conditions in the production facilities.

We rely on the STANDARD 100 by OEKO-TEX – a uniform and independent certification system for textile products. It stands for textiles that have been tested for harmful substances and products that do not pose health risks.

# EXQUISITE SUCCESS STORIES

## DRESSED IN GREIFF

Working between grill and oven or with cold brew coffee, the days of our partners and costumers can be turbulent. For the big and small challenges they face everyday, our range offers just the right products - and we highly value the feedback of the people who wear these products on a regular basis. Let us introduce you to a few of them.

### **Benjamin Maerz, Restaurant Maerz and Hotel Rose, Bietigheim-Bissingen**

The highest quality, honest cuisine and heartfelt hospitality are the features of the Michelin-starred chef's restaurant. And as he also considers quality in his professional attire to be important, you can find the second chef's jacket that we have designed in collaboration with him on page 38.

### **Rasmus Stjernholm, Base Coffee, Bamberg**

The experienced consultant and developer of restaurant concepts operates, among others, Base Coffee in Bamberg, where he relies on regionality and sustainability. With GREIFF, he has found a partner near by who values sustainability just as much as he does.

### **Alina Bebrout, Bibraud, Ulm**

The owner and head chef of the restaurant Bibraud, which opened in 2014, relies on seasonal ingredients and creatively transforms them into pure delicacies. In professional outfits from GREIFF, she and her team can devote their focus to what they're doing on the stove.

### **Seven Hills Coffee Roasters, Bamberg**

The multiple award-winning baristas Christian Ullrich and Daniel Gerlach leave nothing to chance - neither with their coffee roasts nor with the aprons for their staff. They found perfect products for their demands at GREIFF.

### **Wildbakers, Gomaringen**

With the bestseller "Von zweien, die auszogen, das perfekte Brot zu backen", Johannes Hirth and Jörg Schmid have dusted off the baking craft - with humor and expertise. Their respect for tradition and courage to try something new unites us.

# OUR QUALITIES MAKE THE DIFFERENCE

Moisture Wicking

### Moisture-regulating

This textile contains a specially developed fibre that transports moisture from the inside of the fabric to the outside. Thanks to its high breathability, the fibres also improve the heat-regulating effect of your clothing. The fibre is wrinkle-resistant, is low-shrink and easy to care for. The elasticity also ensures a good fit and optimal comfort.

Easy Care

### Easy care

It doesn't take much to enjoy pristine clothes. Various finishing technologies make your items especially hard-wearing, meaning regular washing and tumble-drying cycles do not pose a problem.

Organic Cotton

### Organic cotton

Organic cotton does not use any artificial plant protection products or fertilisers. It is grown according to the strict guidelines of organic farming.

Denim Look

### Denim Look

Just as casual as denim, with even more practical features: The hard-wearing and comfortable fabric in denim look is exceptionally lightweight and scores points with excellent care properties.

Stretch

### Stretch

The synthetic elastane fibres processed here have unique elasticity and shape retention. They can be stretched to up to seven times their original length.

Machine Washable

### Machine-washable

No chemical cleaning necessary, because this textile can be washed at home using our care instructions, with no need to fear any drawbacks.

Recycled Materials

### Recycled materials

100% of the polyester in this textile is from recycled material. The fibres were obtained from plastic bottles and fibre waste. This allows us to reduce our carbon, energy and water loads in the manufacture of your clothing.

Water & Dirt Repellent

### Water-repellent and stain-resistant

This finish protects your clothes from the demands of everyday life without altering the fabrics' natural appearance, breathability or feel.

Denim

### Denim

The distinctive and timeless denim material in these textiles impresses with high durability and great comfort.

Non Iron

### Non-iron cotton

The special meshing of the cotton fibres means the fabric does not crease easily. As a result, creases fall out practically by themselves after washing. The fibres dry quickly and are extremely easy to care for. They are wicking body moisture away to the outside of the fabric and ensuring optimum comfort.

# 3 STEPS TO A UNIQUE PIECE

## THE GREIFF LOGO SERVICE

Your company is unique and you can show that: With your company name or your logo as high-quality embroidery or emblem on your employees' clothing. Customisation puts the finishing touch on your corporate identity and creates a professional appearance. And it's that simple:

Find the item you want for you or your team.

Choose between embroidery or emblem with your name or logo.

Send your template as a PDF or JPG and specify the Pantone number.

Pricing is as simple as it is transparent: Costs are calculated based on the number of pieces to be upgraded, the number of stitches in the motif and a one-time programme allowance, which we will reveal separately. GREIFF is glad to help you!
