ABOUT MUKUA

MUKUA goes beyond being a promotional textile brand, it is the meeting point of creativity and quality.

Our aim is to provide high quality garments that can be transformed into a space where you can create all the designs you can imagine, giving them a unique and incomparable touch.

We offer from T-Shirts, Polo Shirts and Sweatshirts to a wide collection of Outerwear, a selection of garments that will cover all your needs perfectly.

At MUKUA we believe that clothing is more than just an outfit: it is a form of expression.

We are also very committed to quality and sustainability, which is why we use responsible and certified materials in our MUKUA NATURA range, and in our printing workshop we use printing techniques that ensure that each item not only looks amazing, but that it lasts and maintains its essence over time without harming the environment in which we operate.

What does MUKUA offer you?

The best value for money

Guaranteed stocks

Flexibility of delivery

Personalised customer service

Printing workshop and advice service

Discover all the garments we have for you
and make your style and creativity have no limits.

by Velilla Group

For many years, at Velilla Group we have been working with our sights set on the future. Offering a value proposition to our clients and generating a positive impact on our environment have always been among our priorities.

We believe that the role of business as a transformative force in society is essential, to be able to contribute to the creation of long-term sustainable development, without compromising social and environmental needs.

For this reason, **Green Project** was born, a programme that forms part of our commitment and where we encompass and promote all the initiatives we carry out to care for our planet and all those who live on it.

The implementation of a circular project, the use of renewable energy, even printing the pages of this catalogue in an environmentally friendly way, are just a few examples of all the measures and policies contained in this ambitious project.

For more information: www.velilla-group.com/en/greenproject-en

This catalogue is printed on PEFC certified paper

The raw material comes from forests certified by independent experts to ensure that they are managed according to strict national and international standards. In this way, we contribute to halting deforestation and are supporting foresters and forest owners who care for and manage their forest land sustainably.

We comply with the most demanding environmental standards on the market

● ISO 14001

We are certified with ISO 14001, an internationally recognised standard for Environmental Management Systems. This recognition supports our commitment to environmental protection, the efficient use of resources and the sustainable management of all our processes and operations.

It also establishes a process with clear objectives for continuous improvement, aimed at reducing our environmental impact at every stage of our activities.

● ISO 14006

Our ISO 14006 certification reflects our efforts in developing an Ecodesign management system, designed to reduce the environmental impact of our products throughout their life cycle, from the design phase to their final disposal.

● CARBON FOOTPRINT

We verify our Greenhouse Gas Emissions Inventory under the GHG Protocol standard, ensuring an accurate and transparent evaluation process. This allows us to know the tonnes of CO₂ generated by our activities and to set targets for their reduction or offset.

● AMFORI

We are a member of AMFORI, the world's leading association for sustainable trade. This achievement supports our daily commitment for ethical and sustainable business practices in our global supply chains.

● CIRCULAR PROJECT

We have launched a leading initiative for take back of workwear in collaboration with Caritas and Moda re- and VegaBaja Packaging. This project aims to give work clothes a second life for a more sustainable future. Thanks to the collaboration of our distributors, we already have more than 100 collection points!

MUKUA natura

In Velilla Group we are very aware of the environment and the environment that surrounds us. For this reason, we have been certified in the most demanding national and international standards.

Our MUKUA NATURA range is composed of garments that comply with the Global Recycled Standard [GRS], Recycled Content Standard [RCS], Organic Content Standard [OCS] and OEKO-TEX. Find out more about this collection and its certifications on **P. 15**

WHAT'S NEW

in our new catalogue!

MUKUA NATURA COLLECTION

[NEW]

If you are looking for a sustainable option that offers unparalleled comfort, our MUKUA NATURA collection is what you need. Inspired by the latest trends, this collection stands out for its bright colours and versatile designs. And with unisex, women's and children's sizes, you'll have the perfect solution for the whole family.

Made with OCS-certified organic cotton or RCS-certified recycled polyester, these garments offer exceptional softness and performance with minimal environmental impact because they are certified, guaranteeing the use of responsible materials such as chemical-free cotton or recycled polyester.

The MUKUA NATURA range is perfect for those looking for comfort and style without compromising on sustainability and responsible consumption.

[See pages 13 — 27]

BOGAN

[NEW]

The new BOGAN technical polo shirt is made with our innovative CoolPass fabric.

This fabric offers incredible coolness and breathability and incorporates a CoolPass yarn that, thanks to its natural capillary principles, provides exceptional moisture wicking and evaporation, keeping your skin dry and fresh all day long.

An extra soft, high-performance polo ideal for everyday.

[See pages 50 — 51]

COOPER

[NEW]

Our new COOPER unisex full zip sweatshirt is perfect for you.

With an extra soft brushed fleece fabric, it's warm, comfortable and very versatile.

This sweatshirt is also available in children's sizes, making it perfect for dressing the whole family when the cold weather arrives.

We're sure it won't leave you indifferent!

[See pages 74-75 — 78-79]

PALM COLLECTION EXTENSION

[PALM WOMAN and PALM KIDS]

Our iconic PALM T-shirt is now available in a woman's model and children's sizes.

A comfortable and soft T-shirt thanks to its weight of 190gr/m² grams and its 100% RingSpun cotton construction.

Thanks to this size extension and new model, this all-terrain garment will fit the whole family better than ever.

[See pages 30 — 33]

Our MUKUA NATURA collection is designed to reduce its environmental and social footprint as much as possible. And to corroborate this, we have certified ourselves in the most demanding international standards.

Join the change

The products in our **MUKUA NATURA** line have a reduced environmental and social impact, backed by specific certifications

Organic Content Standard (OCS)

This standard certifies that garments are made from organic materials and have a lower environmental impact throughout the supply chain.

Recycled Content Standard (RCS)

Ensures that our products labelled under this standard contain recycled materials and are traceable from their origin to the final product. All MUKUA garments with this certification are made from up to 50% recycled material.

Global Recycled Standard (GRS)

This seal ensures that rigorous requirements are met in terms of recycled material content in the garment, traceability of the chain of custody, responsible use of chemicals and best social and environmental practices in the production process. You can find this certification on all our garments containing at least 50% recycled material.

**STANDARD
100**

OEKO-TEX

Our products guarantee the absence of harmful substances in both fabric and garments and that is why you can find the OEKO-TEX STANDARD 100 seal on all our garments. This Standard ensures compliance with the European Union REACH regulation that restricts the use of chemicals and heavy materials harmful to health.

PRINTING WORKSHOP

DO YOU KNOW OUR CERTIFIED PRINTING WORKSHOP?

We have our own certified printing shop to support our customers in their projects, offering a comprehensive and efficient service.

We are committed to a sustainable future, which is why our workshop is one of the pioneers in being certified under the Textile Exchange standards [RCS, GRS, and OCS]. If you choose to customise the MUKUA NATURA collection in our workshop, we can guarantee its certification and full traceability through the recycled material [RCS and GRS] and organic material [OCS] certifications.

Consult your account manager for more information.

WE OFFER YOU THE FOLLOWING SERVICES:

TRADITIONAL TRANSFER

This technique is known for its versatility, as it allows the application to almost any fabric or garment. It is therefore suitable for any of the products in our catalogue.

It is a very fast technique and one of the simplest. At the same time, it offers the possibility of working with vinyl with different reliefs and textures.

DIGITAL TRANSFER (DTF)

Thanks to its composition of a high cotton content, our range of T-shirts and sweatshirts are ideal for applying this new and simple printing technique.

The digital transfer (DTF) is one of the most advanced printing techniques, whose success lies in its great resistance over time, due to the application of heat when applying the design.

SCREEN PRINTING

Our T-shirts, polo shirts and sweatshirts are perfect for screen printing all your creations.

This popular technique is ideal for large print runs, as there is no risk of loss of quality of the personalisation, and it is very durable.

In addition, it is possible to combine different inks to obtain a multitude of different effects.

EMBROIDERY

A great classic that never goes out of style. It stands out for its durability and the high quality of its finish, which is why it is not only used in the corporate sectors.

Did you know that you can also combine screen printing techniques with embroidery? You can choose to apply it to any of our garments, as all of them are suitable for this technique.

ADVICE

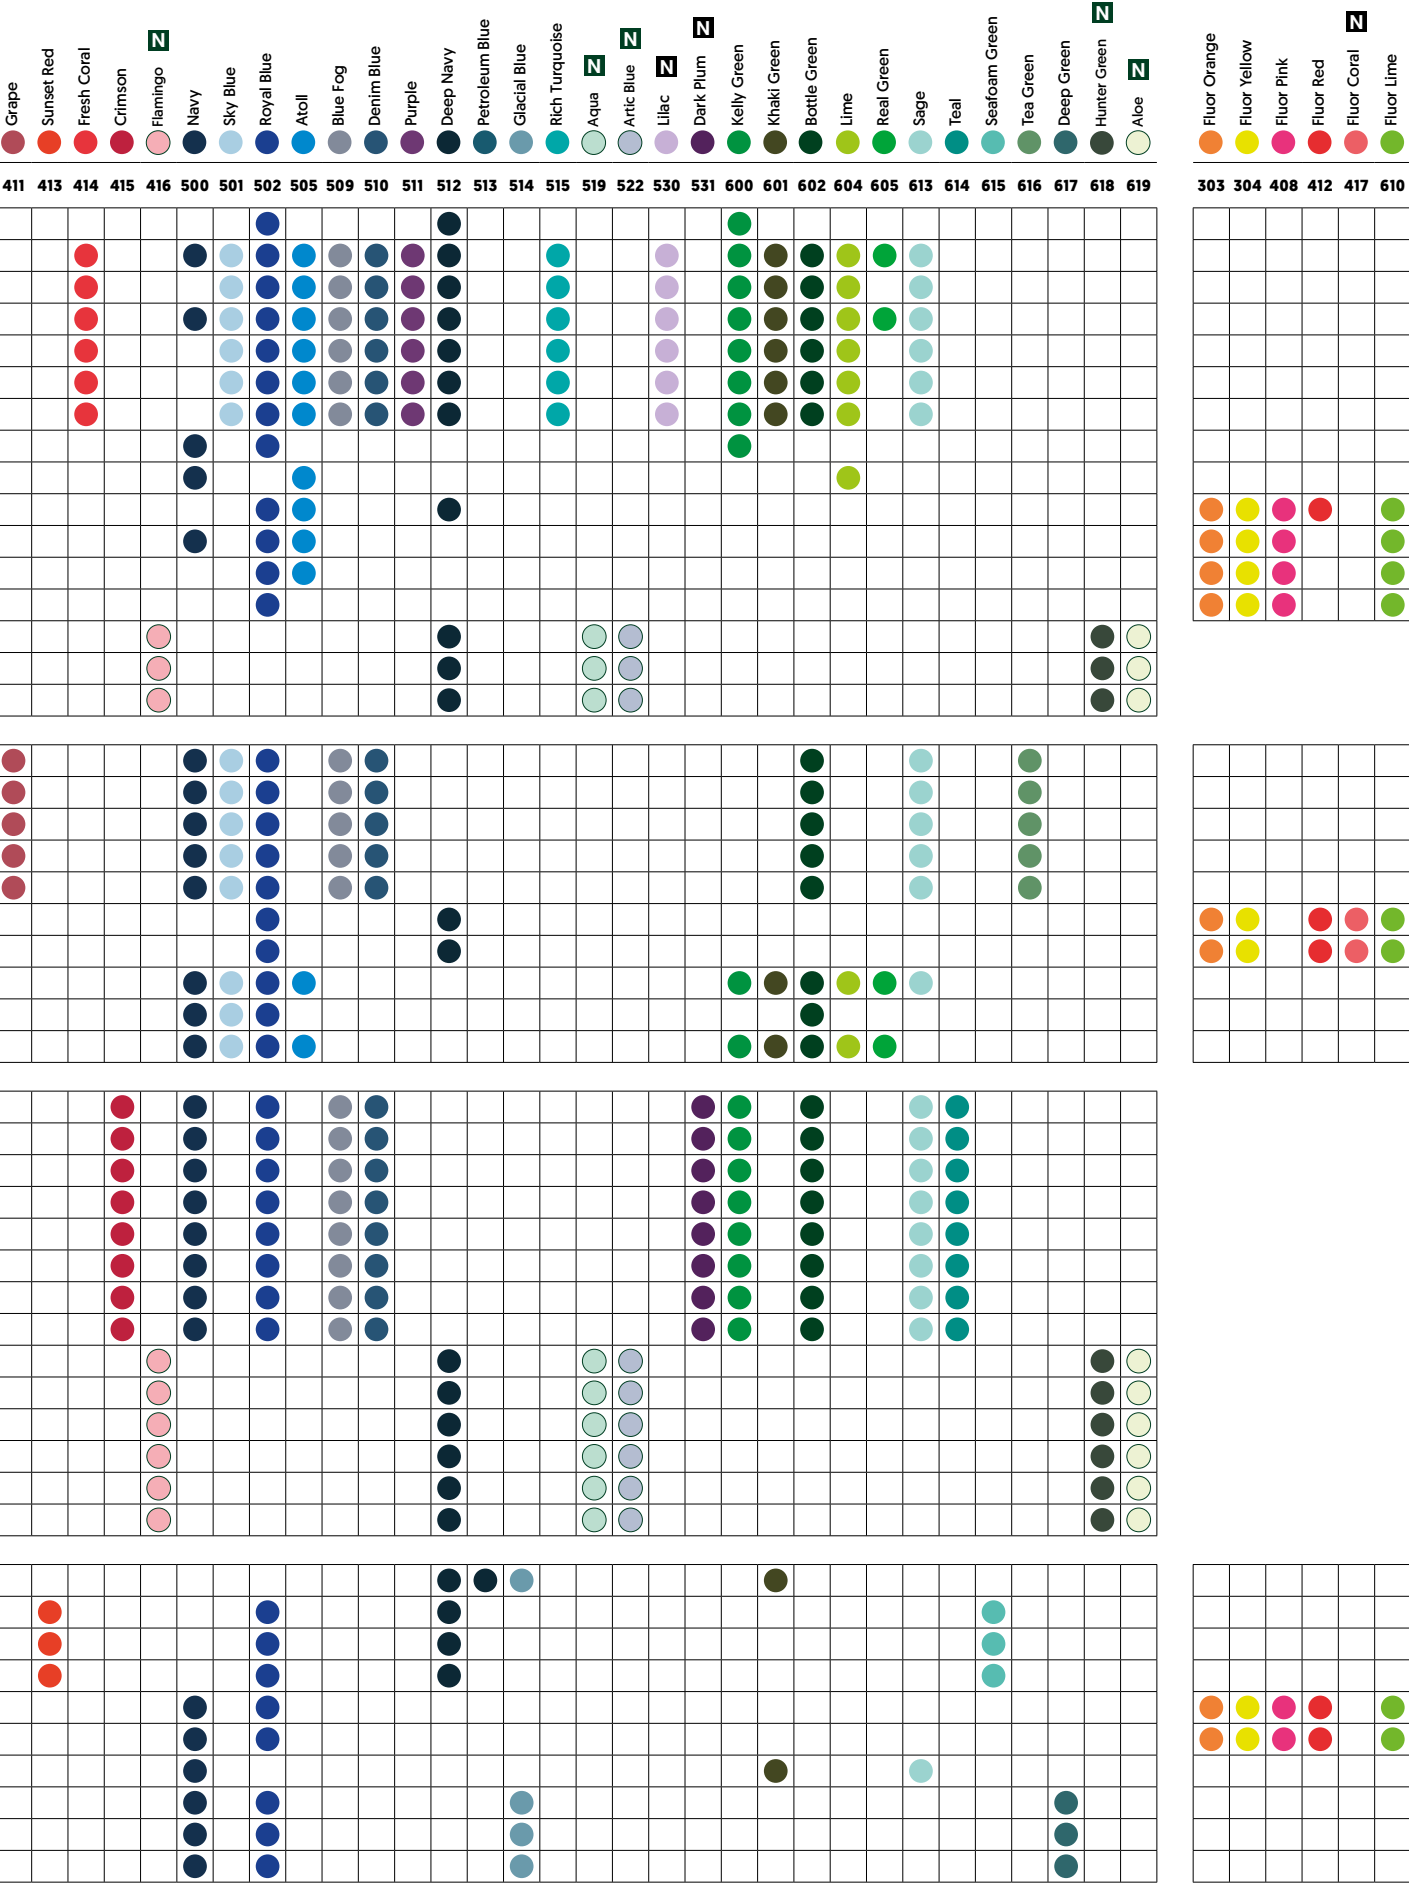

To support you in your projects and provide you with the best service, we have a printing advice service available to all our customers.

Whatever your project, our team of professionals will help you choose the most suitable customisation technique, considering every detail.

MATERIALS GUIDE

PRE-SHRUNK RINGSPUN COTTON

This type of cotton, due to its fibre structure, reduces the risk of shrinkage during washing and drying. Our MACKAY and HOBART collections, in addition to having this property, also include RingSpun yarn of superior quality.

RINGSPUN COTTON

Our T-shirts are woven with RingSpun yarns of superior quality. Among its great advantages, we can highlight that it provides a very soft touch, the result of the printing techniques is unbeatable and gives the garments a greater consistency after washing.

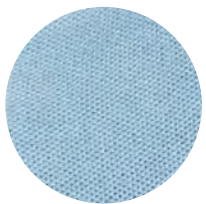

SINGLE JERSEY

It is a type of technique for knitted fabric, popular for its lightness and elasticity. You can find it in our T-shirts, to which it gives more flexibility and comfort.

CANALÉ KNIT

This type of fabric, mainly found in the collars and cuffs of our garments, gives them greater elasticity and a lower risk of deformation.

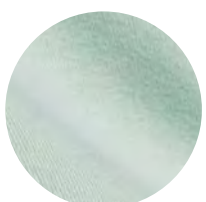

PIQUÉ KNIT

This is a fabric which, due to its honeycomb structure, is mainly used for making polo shirts. Ours, in particular, offers superior durability and a better finish.

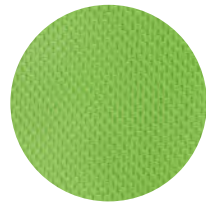

COTTON TOUCH KNIT

The 100% polyester knitted fabric with cotton touch stands out for its softness, lightness and elasticity. Its versatility makes our DERBY T-shirt the best ally both for the textile sublimation technique and for different sporting events.

BRUSHED FLEECE

Our sweatshirts, made of cotton-polyester, have a quilted inner brushed finish that provides extra warmth and softness.

BIRD EYE

This type of material is made of 100% polyester. This type of construction allows for incredible freedom of movement and unparalleled lightness. In addition, its quick drying and easy ironing which makes it ideal for use in sportswear.

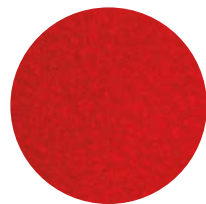

ELASTANE

Elastane is a synthetic fibre known for its high elasticity. Our garments contain elastane components in collars and cuffs to avoid deformation.

TWILL

Twill is a fabric made of diagonal parallel yarns. Due to its structure, even though it is a fine fabric, it is a durable and resistant material. In MUKUA we use twill for the manufacture of our caps, making them a high-quality product.

POLAR

The polar fleece fabric is developed to insulate you from the cold and resist moisture without sacrificing breathability. In addition, it will provide you with unique softness and comfort.

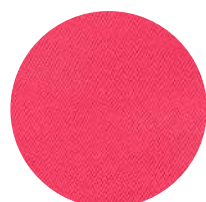

SOFT SHELL

Our two-layer soft shell fabric offers the perfect balance between protection and comfort. It stands out for its repellence, breathability and elasticity.

TAFETÁN

Windbreakers and quilted garments are made from a fine polyester/polyamide fabric. This material is characterised by its softness and resistance, thus giving consistency to our garments. One of the main characteristics of this fabric is that it has a compressed internal structure that makes it easy to wash.

COOLPASS

CoolPass fabric designed to enhance sweat evaporation, increase breathability, and regulate body temperature.
